PROFILE

Enthusiastic B.Tech student in Computer Science with a strong passion for technology and coding. Seeking to leverage skills in software development and artificial intelligence through a challenging internship or entry-level position.

EDUCATION

Bachelor of Technology in Computer Science and Engineering
Rajeev Gandhi Memorial College Of Engineering and Technology
📅 12/2021 - 03/2025 📍 Nandyal

percentage
87 / 100

Senior Secondary
NRI Vidhya Junior College
📅 06/2019 - 03/2021 📍 Guntur

percentage
96 / 100

Secondary
Sri Guru Raja English Medium School
📅 06/2018 - 03/2019 📍 Nandyal

percentage
100 / 100

PROJECTS

End-to-end AI Framework for Soil Fertility, Crop Growth ,and Disease Mitigation

- 📅 11/2024 - 03/2025
- Developed an AI-driven system that leverages machine learning (ML) and deep learning (DL) models to boost agricultural productivity. The framework includes three core functionalities: soil fertility prediction, crop recommendation, and plant disease detection. It empowers farmers to make informed, data-driven decisions for sustainable farming, optimizing crop choices, identifying diseases early, and managing resources efficiently. Key Technologies: Python, ML and DL Algorithms, Flask, Numpy, Pandas, ResNet50

Cyber Safety Web-Application

- 📅 08/2024 - 10/2024
- A web-based platform that allows citizens to register complaints or report incidents to the police. Users can sign up, submit complaints, and have them flagged for admin review and action. Admins verify user identities, update the status of complaints, and assign responder teams. Key Technologies : HTML5,MYSQL,CSS,Bootstrap

STRENGTHS

Flexibility to learn

Proven ability to quickly adapt and learn new skills to stay current with evolving technologies.

Leadership Qualities

Demonstrated leadership capabilities in various projects and activities.

Adaptability

I quickly adapt to different work environments and cultures, ensuring seamless collaboration and productivity.

KEY ACHIEVEMENTS

Hackathon

Got selected in Smart India Internal Campus Hackathon-'2022'.

Successful Team Leader

Successfully led a project team during college.

SKILLS

C	CSS	Data Structures	HTML
Java	MongoDB	Python	SQL
